

## DESIGNER TABLET FEATURES

*Model No: PC-7006*

**Capacitive Screen** – The latest type of touch screen technology allowing the use of the ‘pinch and zoom’ technique and opening up browsers and files with a single touch of the screen.

**Samsung Cortex A8 1 Ghz** – This makes the Pierre Cardin Tablet fast, smooth and easy to use.

**Micro SD Card Slot** – Enabling users to increase the storage capacity up to 16GB

**USB Ports** – USB ports giving external connectivity, storage and the option of adding a keyboard, mouse or 3G dongle if desired

**Google Android 2.2 Operating System** – Specially designed for mobile devices including an operating system, middleware and key applications.

**Android Market** – Allows users to customise their tablet by downloading applications from the thousands on offer on the Android Market

**WiFi wireless internet access** – Access the internet from anywhere in your home, office or local coffee shop.

**Supports 3G** – No WiFi connection? With the right 3G Dongle you can access the internet from anywhere, at any time (available to buy separately).

**e-Book Reader** – take your favourite books with you on the daily commute or to the park; the possibilities are endless.

**360 Degrees G-Sensor & Automatic screen Orientation** – For the perfect user experience! Rotate the Tablet PC in order to view in portrait or landscape mode.

**HD HDMI Output** – Connect the Pierre Cardin Tablet to a HDTV, perfect for watching films, TV or family videos.

**Front-facing Camera** – The Pierre Cardin Tablet PC has a built-in camera, allowing you to take pictures and record videos as life unfolds

**Protective Case** – The Pierre Cardin Tablet PC comes with a designer case incorporating the distinctive Pierre Cardin logo. The case can also be folded back and used as a convenient stand for the Tablet PC.

## TECH SPECS
